

GEX Environmental Statement

GEX Inc. is committed to reducing its environmental impact and carbon footprint as an integral part of company operations.

It is our policy to provide environmentally friendly facilities and to continuously improve and adapt our efforts as new technology becomes available.

We do so by adhering to the following principles:

- Follow company procedures specifically created to minimize the use of energy and other natural resources, reduce waste, and enable reuse whenever possible.
- Promote participation and communicate our commitment to our employees by providing education, training, and support to aid them in implementation.
- Solicit input from our employees about meeting our environmental goals.
